

SERBIA EMERGENCY COVID-19 RESPONSE PROJECT

TORLAK INSTITUTE BIOSAFETY LEVEL 3 SUBPROJECT

REPORT ON PUBLIC CONSULTATION

1 BACKGROUND

The Republic of Serbia has received a loan from the World Bank Group in the amount of EUR 92 million equivalent for the implementation of SECRP. The objectives of the SECRP are: (a) to respond to the threat posed by COVID-19 and (b) to strengthen the national health system for public health preparedness in Serbia.

The Project will be financed under one of its subcomponents as the Subcomponent 1.1 of the Serbia Emergency COVID-19 Response Project (SECRP) financed by the World Bank Group. The objectives of the SECRP are: (a) to respond to the threat posed by COVID-19 and (b) to strengthen the national health system for public health preparedness in Serbia.

The Ministry of Health of Republic of Serbia intends to design and construct a new diagnostic laboratory building with Biosafety Level 3 (BSL-3) named Torlak Institute BSL-3 Subproject (hereinafter “Project”) within the existing Torlak Institute of Virology, Vaccines and Sera, Belgrade.

The joint venture (Contractor), which includes 2U1K Engineering and Consultancy Inc. Türkiye (leader), 2U1K International, UAE and Enacta doo Beograd-Vračar Serbia is engaged on development of Environmental and Social Impact Assessment (ESIA) and Environmental and Social Management Plan (ESMP) for the subject project and other associated documents and SEP (Stakeholder Engagement Plan). The objectives of the organized public consultations for SEP were the following:

- Presentation of ESIA, ESMP and SEP prepared for the Project and approved by the Project Coordination Unit (PCU) and the World Bank (WB) to the Project stakeholders;
- Identify stakeholders' expectations and concerns;
- Provide stakeholders with the opportunity to raise their questions, incorporate their relevant comments into the Project, and;
- Inform all stakeholders involved in this Project, including Project Affected Persons, NGOs, potential Project staff, International Organisations, National and Regional Government Agencies about the Project and then finalize the Environmental and Social Impact Assessment (ESIA) with inputs/feedback from all stakeholders.

Following the completion of the documents and received “no objection” by WB, ESIA, ESMP, SEP and NTS were published on the website of the Serbian Ministry of Health (<https://www.zdravlje.gov.rs/tekst/376352/izgradnja-dijagnosticko-istrativackog-objekta-sa-bsl-3-laboratorijom-u-okviru-instituta-torlak.php>). In addition, ESIA disclosure meeting was held on 20.10.2023. The meeting took place face-to-face and online at Savski Venac Health Center. A total of 30 people participated in the meeting.

During the consultation meeting, organized on October 20, 2023, no comments or suggestions relevant to the ESIA were received.

2 REPORT ON PUBLIC CONSULTATION, October 20, 2023

The ESIA are posted on the Ministry's website (Picture 6), together with an advertisement - an invitation to public consultations (Picture 5). Interested public is invited to participate during Public Consultations as well as to gain an insight into the ESIA document.

The list of participants and photos of the meeting are provided below:
